

Branchburg Township School District

District Testing Calendar 2022-2023

Pursuant to N.J.S.A. 18A:7C-6.6, school districts must, by October 1 of each year, provide parents specific information on State assessments or commercially developed standardized assessments that **may** be administered to your child during the school year. It is very important to note that **all students may not be administered all assessments**. Additionally, the allotted time-frames are approximate time-frames and students may be permitted extra time or accommodations as outlined in an IEP or 504. Please do not hesitate to reach out to your child's principal should any questions arise.

Key:

- **Testing Mode** refers to how the assessment will be administered to students. The two modes are computer-based and paper-and-pencil. Some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your child has a medical issue that would not allow them to take the assessment on the computer.
- **Testing Time** is the maximum amount of time allotted to students to complete the assessment. Most students finish well in advance of the allotted time.
- **Testing Window** is the period of time in which districts administer the assessment. It is not the actual number of days it takes a student to complete the assessment. School districts can choose the specific days within the window to administer the test. Please inquire with your district about the exact testing dates of the assessment.
- **Results Available** refers to the date districts receive individualized student results from the assessment. These results should be distributed to students, educators, and families as soon as possible.

Assessment/ Subject Area(s)	Grade Level Tested	Date(s) of Administration	Testing Mode	Notes
New Jersey Fall Start Strong Assessment		NJDOE Testing Window: Aug 31 - Sept 30 Branchburg Testing Window: September 19th - 28th	Computer- based	Administration of the Start Strong Assessments in Fall of 2022 is a Federal and State requirement Test duration: ELA – approximately 60 to 75 minutes per session* Math – approximately 60 to 75 minutes per session* Science – approximately 60 to 75 minutes per session* Results available: December 2022 Accommodations & Accessibility Features Parent Information
