NJSBA Code of Ethics

N.J.S.A. 18A:12-24.1

I will confine my board action to *policy making, planning, and appraisal*, and I will help to frame policies and plans only after the board has consulted those who will be affected by them.

I will carry out my responsibility, not to administer the schools, but, together with my fellow board members, to see that they are well run.

I will recognize that *authority rests with the board of education* and will make no personal promises nor take *any private action that may compromise the board.*

Interaction with Community

- Avoidance of perceived Board endorsement of positions
- No authority to act or make commitments
- Social Media/Required disclaimers

The “Disclaimer” Requirement

- Disclaimers are required except where they aren't
- Even a disclaimer won't protect you in some cases

I will *hold confidential* all matters pertaining to the schools which, if disclosed, would needlessly injure individuals or the schools. In all other matters, I will provide *accurate information* and, in concert with my fellow board members, interpret to the staff the aspirations of the community for its school.

I will *support and protect school personnel*
in the proper performance of their duties.

I will refer all complaints to the chief administrative officer and will act on the complaints at public meetings only after failure of an administrative solution.
